SUMMARY

- Experienced full-stack developer with 5+ years of expertise in media, and e-commerce domains.
- Proficient in software delivery with a primary focus on code that is reusable, testable, and flexible for scaling.
- Proven track record in the development of RESTful APIs, designing cross-browser interfaces, and implementing AWS-based solutions.
- Known for strong problem-solving abilities, a collaborative teamwork approach, and adaptability in fast-paced environments.

SKILLS

- **Frontend**: HTML/CSS, SCSS, Bootstrap, React/Material-UI, Next.js/Tailwind providing user interface design and responsive development
- **Backend**: Node, Express, Nest, PHP, Laravel, Yii providing RESTful API development, Server-side scripting
- **Database Management**: MySQL/MariaDB, PostgreSQL providing data modeling, query optimization
- **CI/CD and Cloud Services**: Docker, GIT, and AWS provide continuous integration, deployment automation, cloud infrastructure
- **QA**: Unit testing (PHPUnit, Jest), Integration testing (Cypress js), Manual testing (Jira checklists), Selenium tests (maintained legacy Java 8 tests)

STRENGTHS

- **Collaboration and Teamwork:** Experience working in an Agile team, strong communication skills
- **Problem-Solving and Troubleshooting:** Effective issue resolution and debugging skills
- **Adaptability and Fast Learner:** the ability to quickly grasp new technologies and adapt to changing project requirements

PROFESSIONAL EXPERIENCE

Sigma Software, Full Stack Engineer   2020 – 2023

Provided development and maintenance on both front-end and back-end parts of the project that takes a vast European market in the media and streaming industry.

- Successfully transitioned the outdated PHP-based frontend to a modern and efficient Next.js-based solution.
- Implemented a B2B CRM system, enhancing customer service for account managers and improving partner membership status clarity.
- Played a significant role in a high-load, complex legacy PHP-based application.

Altexsoft, Junior PHP/Full Stack Developer   2018 – 2020

Contributed to projects as an outsourced resource I have been on 4 different projects related to E-commerce and SaaS industries.

- Achieved the successful integration of a CRM system, leveraging Laravel and Vue.js, within a substantial E-commerce software environment.
- Successfully contributed to and gained valuable hands-on experience in my initial commercial project.
